General Counsel

DIRECTOR OF CENTRAL INTELLIGENCE

83-06841

## Security Committee

SECOM-D-173

11 August 1983

file 3.2

MEMORANDUM FOR: Chairman, UDIS

FROM: 

Chairman

SUBJECT: Level of Effort on Unauthorized Disclosures

1. In taking the DCI's videotaped message on leaks to various audiences, the question has been raised whether the government's failure to find and penalize leakers reflects an insufficient level of effort to do so. It would be useful to know the actual expenditure of resources on leak investigation by member agencies.

2. Since I expect to report to the DCI on audience reaction, I would like to have whatever information is available on how vigorously the unauthorized disclosure problem has been pursued in the Community. Please ask the members of UDIS to provide such data as the number of leak investigation conducted during a given period; how many investigators are dedicated full time to leaks; how many man hours were spent on leaks; how many persons were interviewed in the course of leak investigations; how many investigations resulted in the identification of the person(s) responsible for disclosing classified information; how many persons were penalized for leaks; how many cases were referred to the Department of Justice or the FBI; and any other data you consider pertinent to giving the DCI a report on the nature and scope of the Community's effort to control leaks.

3. Since compiling the data requested should be a matter of record review, please provide this information by 6 September 1983 so the matter can be discussed at the 14 September SECOM meeting. Your efforts, as always, are greatly appreciated.

FOR OFFICIAL USE ONLY

MEMORANDUM FOR: Members, Unauthorized Disclosures  
Investigations Subcommittee

FROM:

Chairman, Unauthorized Disclosures  
Investigations Subcommittee

SUBJECT: Level of Effort on the Unauthorized  
Disclosures

1. This is to confirm previous telephone calls to you concerning the request from the Chairman, SECOM for information about the level of effort within the Intelligence Community devoted to the problem of unauthorized disclosures. The Chairman, SECOM, has requested the following information from all UDIS members for his report to the DCI:

- a) the number of leak investigations conducted during a given period,
- b) the number of investigators who investigate leaks on a full-time basis,
- c) the number of individuals interviewed during the course of leak investigations,
- d) the number of investigations which identified persons responsible for unauthorized disclosures of classified information,
- e) the number of persons that were penalized for disclosing classified information,
- f) the number of cases referred to the Department of Justice or the Federal Bureau of Investigation,
- g) any other pertinent data on the effort to control leaks.

2. This information will be discussed at the 14 September 1983 SECOM meeting. Therefore, as was indicated during our call it is necessary that I receive this data as soon as possible.

## INTELLIGENCE COMMUNITY LEAKS INVESTIGATIONS EFFORT

	CIA	DIA	DIS*	DOE	AFIS**	ARMY**	OSAF	NAVY**	STATE	TREAS <sup>5</sup>	NSA	OSD***
Number of leak investigations conducted during a given period	199 (from 6/79 - 7/83)		25		1 (in past 3 months)	9 (in 5 yrs)	4 (in 1 yr)	12 (in 5 yrs)	88 (79-present)	5	not available	55
How many investigators are dedicated full time to investigating leaks	1				0	3 p/t	0	0	4 p/t	0	0	0
